

# Dell Latitude D600

**The Dell™ Latitude™ D600 is designed to deliver the highest available notebook performance in an all-new thin, light and stylish form factor. Carrying on the Latitude C-series traditions, the D600 incorporates a full suite of new features and technologies raising the productivity bar to empower the next generation of mobile business professionals.**

## Dell | Latitude D600

### Traditional values, latest technologies

As one of the world's leading notebook brands, Dell Latitude products are known for their reliability, high performance, low cost of ownership, platform compatibility and excellent service and support. The new D-Family builds on the success and traditions of the C-series, optimising the latest performance and productivity features and making them available to the mobile professional through a fully customisable business solution.

### Highest available mobile performance

The Latitude D600 gives you desktop PC performance out on the road. Featuring the NEW Intel® Pentium® M processors up to 1.6GHz and the Intel 855PM chipset, users gain access to the very latest mobile processing technologies. The latest Intel Pentium M processors incorporate a series of new architectural advances that optimise the performance of your notebook giving users advanced notebook processing power and enhanced battery life for extended mobility. The Mobile Latitude D600 supports up to 2GB of system memory and the latest ATA-100 hard drives as well as new USB 2.0.

### Full complement of integrated connectivity features

Every Latitude D600 is wireless-enabled, incorporating an integrated dual-band antenna and MiniPCI WiFi™ Intel PROWireless 2100 802.11b wireless LAN card as standard giving the user Intel Centrino™ mobile technology. The Latitude D600 also offers a choice of either a Dell TrueMobile™ 1300 802.11 b/g wireless LAN card or a Dell TrueMobile™ 1400 802.11 a/b/g wireless LAN card. As well an optional Dell TrueMobile™ 300 Bluetooth™ wireless option, the Latitude D600 also features as standard an integrated 10/100/1000 Ethernet<sup>4</sup> chip supporting Wake-on-LAN from all power states and integrated 56K v.92-capable modem supporting Wake-on-Ring.

### All new features and solutions

As well as sporting the latest processing and wireless technologies, the Latitude D600 introduces a host of new features including an internal smart card reader, status indicators, Dell QuickSet software, new docking solutions, a new monitor stand and an ergonomic and space-saving notebook stand.

### Designed for today's business professional

Our working lives are more dynamic than ever before and the Latitude D600 is designed to make life easy and productive in and out of the office. The new D-Family Latitude Tri-metal™ chassis technology uses magnesium alloy, aluminium and steel to make the notebook more robust, more reliable and lighter than ever before whilst the moonlight silver colour brings an element of style and refinement to your working day. In the office, new ergonomic and practical docking solutions and a new notebook stand give you all the comfort of a desktop PC without taking up valuable desk space.

### Service and support

With 24-hour on-line and email support at <http://support.dell.com>, telephone support during normal business hours, 3 years' Next Business Day On-site service as standard and optional CompleteCare™ service for added protection against accidental damage, you get peace of mind as well as great performance, enhanced mobility and value for money.

# Dell Latitude D600

## SYSTEM

Processor	Intel® Pentium® M Processor at 1.3GHz, 1.4GHz and 1.6GHz
Chipset	Intel 855PM chipset with support for AGP 4X Graphics and USB 2.0
Memory	Up to 2.0GB of DDR SDRAM at 266MHz (128MB as standard)
Display	14.1" XGA TFT (1024 x 768) available on 1.3GHz and 1.4GHz processor models 14.1" SXGA+ TFT (1400 x 1050) available on 1.4GHz and 1.6GHz processor models
Maximum External Resolution (CRT)	1600 x 1200 (UXGA) x 16.7 million colours
Video	ATI® Mobility Radeon™ 9000 with 32MB of 64-bit DDR memory
Primary Hard Disk Drives	20GB ATA-100 30GB ATA-100 40GB ATA-100 60GB ATA-100
Secondary Hard Disk Drive option	40GB ATA-100
Modem	Integrated 56K v.92-capable modem
Ethernet LAN	Integrated 10/100/1000 Ethernet® NIC
PC Card Slot	Support for one Type I or Type II card
Smart Card Reader	Smart card reader can be used within a PKI environment via Windows® 2000 or Windows XP
Audio Type	AC97 CODEC; dual integrated stereo speakers – front ported
Keyboard	88-key European; key travel 2.7mm; key spacing 19mm
Pointing Device	DualPoint integrated pointing device
Primary Batteries	Standard: 6-cell 48Whr Smart Lithium-ion Optional: 4-cell 32Whr Smart Lithium-ion
Power Supply	65-watt AC adapter
System Dimensions/Weight	315mm (w) x 256.5mm (d) x 30.8mm (h); with 4-cell battery and travel module: 2.12kg

## PORTS

Ports	Serial, Parallel, Docking Connector, 2 X USB, S-Video out, VGA, Headphone/Speaker out, Mic in, Infrared port, RJ-11, RJ-45, AC power
-------	--

## MODULAR MEDIA BAY

Optical Media Drives	CD-ROM Drive (24X read) – standard DVD Drive (8X read DVD/24X read CD-ROM) CD-RW Drive (24X read CD-ROM/24X CD-R write/10X CD-RW rewrite) DVD/CD-RW Drive (24X read CD-ROM/24X CD-R write/10X CD-RW rewrite/8X DVD-ROM read)
Diskette Drive	2nd primary battery, 2nd hard drive or TravelLite Module 3.5", 1.44MB diskette drive

## DOCKING OPTIONS

D-Family Docking Station	Ports offered: Parallel, Serial, PS/2 (X2), S-Video TV-out, Video, DVI (for optional Flat Panel use), Pass-through connections for modem (RJ-11) and network (RJ-45), S/PDIF, Headphone jack, USB 2.0 (X4), Monitor stand connector, single media bay w/battery charging support and compatibility with all D-family media modules, D-Bay connector (for external media bay module), Half-height PCI expansion slot
D-Family Advanced Port Replicator	Ports offered: Parallel, Serial, PS/2 (X2), S-Video TV-out, Video, DVI (for optional Flat Panel use), Pass-through connections for modem (RJ-11) and network (RJ-45), S/PDIF, Headphone jack, USB 2.0 (X4), Monitor stand connector, D-Bay connector (for external media bay module)
D-Family Monitor Stand	For use with D/Port, D/Dock or stand-alone
D-View Notebook Stand	Eliminates need for external monitor and monitor stand, adjustable for ergonomic viewing, integrated cable management (requires approx 40% less desktop space than advanced port replicator with 17" CRT monitor)

## MANAGEABILITY

Power Management	ACPI	Microsoft® Windows 2000 Professional SP3, Microsoft Windows XP Professional and Home
Mobile Security – Software	Mobile Security – Software	Protection against unauthorised access; primary system password, administrator password, Hard Disk Drive password
Mobile Security – Physical	Mobile Security – Physical	Kensington Lock
