hp compaq business desktop d330 series

easy-to-own desktops built on proven technology

The HP Compaq Business Desktop d330 Series provides the latest in proven technology along with the ultimate balance of price and performance to meet every corporate computing need. HP Compaq d330 models offer industry-standard compatibility, easy integration, configuration flexibility, a choice of intensive office applications and enhanced serviceability, all while delivering the best value to business-computing customers.

- **Optimal mix of price and performance for outstanding value:** industry-leading, standards-based business-computing products and solutions that offer outstanding customer value and ease of ownership for the lowest initial purchase price.
- **Latest processor and chipset technology from Intel®:** the HP Compaq d330 uses the new Intel® 865G chipset and the latest Intel Pentium® 4 processor with Hyper-Threading Technology. In combination, these advanced components allow rapid processing of background computing tasks and minimise the impact of background services, such as virus scanning, on end-user productivity.
- **Latest high-tech features:** the HP Compaq d330 includes DDR-Synch DRAM, USB 2.0, SMART storage options, USB drive key (disk-on-key), enhanced chassis security and gigabit Ethernet NIC as standard.
- **Two new chassis designs:** HP Compaq d330 PCs are available in a choice of two chassis designs: desktop and microtower. Both offer improved serviceability, expandability and enhanced ID, plus the option to add a floppy drive.
- **Choice of operating systems:** with a choice of pre-installed Microsoft® operating systems, including Microsoft Windows® XP Home, Windows XP Professional and Windows 2000, or even Mandrake Linux, it's easy to tailor these PCs to your business environment.
- **Expandable to meet future computing needs:** get the flexible performance capabilities you need for every level of user by selecting from a range of processor speeds, memory configurations and other component options.
- **Integrated Intel graphics and full multimedia capabilities:** the HP Compaq d330 includes Intel Extreme 2 Graphics, integrated audio, an internal speaker and a choice of CD-ROM, CD-RW, Combo, DVD-ROM or DVD +RW optical drives.
- **Display products and add-on options:** compatible HP display solutions include a wide range of CRT and flat-panel monitors. Multimedia and storage options are also available.
- **Service and support:** the HP Compaq d330 is supported by a robust and reliable service and support portfolio.
